MA Program Mission
The Language and Literacy MA Degree Program prepares exemplary literacy educators to meaningfully contribute to schools and communities as teachers, leaders, and advocates. Students in this program study literacy from critical sociopolitical, cultural, psychological, historical, linguistic, and literary perspectives, and apply their knowledge in culturally and linguistically diverse classrooms. Students develop and evaluate effective, evidence-based instructional strategies, practices, and programs that support literacy learning and achievement at PreK-12, college, or adult levels. The program curriculum emphasizes collaborative inquiry and innovation, equity, advocacy, and professional leadership and learning.

The Language and Literacy MA program is aligned with national standards for the preparation of specialized literacy professionals, as established by the International Literacy Association and CAEP. It also reflects principles and rigorous standards approved by Missouri’s State Board of Education.
