

BACHELOR OF BUSINESS ADMINISTRATION: RISK MANAGEMENT & INSURANCE EMPHASIS

Student Learning Outcomes

Students graduating from this program will:

- Critique a business decision using a suitable decision tool or framework found in a major business discipline.
- Contextualize how a given business problem affects an organization using critical thinking.
- Contribute effectively as part of a diverse and inclusive team to solve a given business problem.
- Express a business issue into a coherent written statement and/or oral presentation.
- Appraise quantitative information and synthesize that information with relevant non-quantitative information to arrive at a business decision.
- Integrate multiple business information systems and technologies to analyze a business problem and communicate a solution to a business audience.

Admission Requirements

First-time college students are eligible to be admitted to the Bloch School if they meet regular UMKC entrance requirements. Those transferring from other institutions must have 2.25 cumulative and University of Missouri (UM) GPAs. Intra-university transfers can enter Bloch School programs with a 2.25 UM GPA. All students are required to maintain a 2.25 cumulative University of Missouri GPA while enrolled in this program.

Program Requirements

The Bloch School requires a minimum of 120 credit hours to earn the Bachelor of Business Administration (B.B.A.) degree. This total includes coursework in the following areas: General Education, Basic Skills, General Electives, Business Core, Emphasis Area, and Interest Area. All students pursuing the B.B.A. degree must select an emphasis area and a complementary interest area.

See the Bloch School Undergraduate Policies and Procedures (<https://catalog.umkc.edu/colleges-schools/henry-w-bloch-management/undergraduate-programs/undergraduate-policies-procedures/>) section for additional information.

Students are responsible for ensuring their course of study falls within program guidelines.

Major Maps

Four Year Graduation Plan - Courses & Critical Benchmarks for First Time College Students:

UMKC's Major Maps are detailed, undergraduate four-year course outlines that inform students on the classes they should take and when to take them. Outlines are updated yearly. Graduate students should visit their program's individual school for program outlines.

The following is a sample course of study. Your path to graduation may vary based on factors such as college credit you earned while in high school, transfer work from other institutions of higher learning, and placement in Mathematics. You are responsible for checking prerequisites to any courses. It is the Student's responsibility to ensure that all program requirements are met. This guide is not a substitute for academic advisement.

CC Critical Courses provide feedback regarding major fit and help indicate likelihood of successful completion of those academic program and degree.

¹ ECON 201 and ECON 202 are both required for the Bachelor of Business Administration degree.

² Students are strongly encouraged to gain relevant work experience by completing one or more internships while pursuing their degrees. Internships can be completed for academic credit which will usually apply as general elective credit. One to three hours of credit can be earned per semester for an internship experience and a total of six hours that can be applied to the degree. A student wanting to earn credit for a new internship opportunity will work with the employer and a faculty sponsor to complete an internship contract and learning agreement before the start of or early in the internship. Visa-holding students may also be required to apply for curricular practical training (<https://www.umkc.edu/isao/current-students/employment/curricular-practical-training.html>) through the International Student Affairs Office before starting to work. Students pursuing curricular practical training must earn credit for their internship experience. Once completed internship paperwork is received, the student will be cleared to enroll in the appropriate internship class which is numbered 496. Internships cannot be connected to classes that do not have an internship requirement as part of the course objectives.

³ The International Requirement in the Bachelor of Business Administration degree program can be satisfied with MGT 370, International Management, or MGT 470, International Study in Business (tied to a short-term study abroad trip). With approval from the Department of Entrepreneurship and Management, this can include international business-related course work transferred from other institutions, study abroad opportunities and emphasis-specific international courses.

Recommendations to Maintain Progress toward 4-Year Degree Completion

- Completion of the First Semester Experience (FSE) course in first term.
- Early completion of Written Communication, Oral Communication, and Math Pathway requirements.
- Maintain the minimum GPA required for academic Good Standing for your degree program.
- Completion at least 15 credit hours toward degree each regular semester. (*Students may use the summer to ensure completion of 30 hours per academic year or to lighten Fall and Spring course loads.*)
- Enrollment in Critical Courses as listed on the Major Map is recommended in order to maintain timely progress and completion of prerequisite coursework.
- Regular consultation with Academic Advisor(s) for program(s) of study is strongly recommended and may be required for some degree programs.
