

ROOLAW

Internal communications at the law school are conducted through the Law School's intranet: mylaw.umkc.edu, also known as RooLaw. RooLaw is used for all communications with large, identifiable groups of students, faculty and staff, serving as the primary (and in many cases only) source of information about official and unofficial happenings at the School. A student's home page is a one stop shop for important information about courses, announcements, events, deadlines and the like.
