

BS-MS: EARTH AND ENVIRONMENTAL SCIENCES/ ENVIRONMENTAL AND URBAN GEOSCIENCES

Student Learning Outcomes

Students graduating from this program will:

- be able to conduct an independent geospatial research project.
- be able to analyze and interpret environmental data.
- review ethics in research and career goals, conduct literature searches, and critically evaluate scholarly information
- assess and defend research findings through oral and written communication.

The School of Science and Engineering established the BS/MS program to offer students an opportunity to meet the full requirements of the existing BS and MS degree programs in a shorter time period than the separate degree programs by completing a B.S. degree within four years and then completing an M.S. degree in the fifth year.

- Students admitted to the program will receive the unit BS/MS Scholarship which will cover the difference between Graduate and Undergraduate tuition rates
- Students are required to maintain full-time undergraduate enrollment (minimum 12 hours/ semester)
- Must be continuously enrolled from BS to MS programs (must enter graduate program the semester following completion of BS degree requirements, summer excepted)
- Students are required to maintain full-time enrollment (minimum 9 hours/semester) in the graduate phase of the program and complete the master's degree within a year of their bachelor's degree completion to continue to receive the BS/MS Scholarship

Admission Requirements for BS-MS Program:

Students must meet the following requirements to be eligible:

- The GRE will be waived for students who meet the qualifications above and are planning to enroll in the BS-MS program
- Students must indicate their interest and apply to the program no later than the end of their junior year
- Students must complete 30 hours at UMKC prior to admission to the BS/MS program
- Students are expected to follow the recommended curriculum (although deviations are possible) and must maintain a UMKC cumulative GPA of 3.00 or higher

This program offers students an opportunity to meet the full requirements of the existing BS and MS degree programs in a shorter time period than the separate degree programs by completing a B.S. degree in Earth and Environmental Science within four years, and then completing an M.S. degree in Environmental and Urban Geosciences in their fifth year. Please contact the SS&C Student Services Center for additional information or clarification on the information below by calling (816) 235-2399, or sending an e-mail to sce@umkc.edu. (csee@umkc.edu)

Requirements for Graduation

Credit Hour Requirements

The BS and MS program in Earth and Environmental Science-Environmental and Urban Geosciences requires a minimum of the following:

- 120 Undergraduate Credit Hours
- 30 Graduate Credit Hours
- 143 Total Credit Hours (7 Hours of Overlap taken in final year of undergraduate program)

For additional details, please contact our Department by e-mail sse@umkc.edu. (sce@umkc.edu)

Total Credits: 143

EES course offerings at the Graduate level:

* Required for MS Environmental and Urban Geosciences

Ugrad/Grad (offered regularly)

Geog 403 wi/5503 (every optional spring)

Geog 401/5507 Advanced GIS (spring, some summers) 4 credits *

Geol 416/5516 (every other fall) 4 credits

Geog 448/5548 (every fall) 3 credits

Geog 402/5502 (spring) 4 credits

Geol 370/5570 Advanced Hydrogeology (alternate springs) 3 credits

Geol 441/ 5541 Environmental Geophysics (alternate fall) 3credits

Geog 406/5546 Global Water and Sustainability 3 credits (Every Other Spring) (MD)

Grad ONLY courses

GEOG 5544 Advanced spatial data Spring (4 credits)*
 Geog/Geol 5597 Graduate Seminar in Geoscience Spring (3 Credit) *
 Geog/Geol 5599 Research Thesis (6 credits)
 Geog/Geol 5598 Special Topics (3 credits)
