UMKC Central Customer Service Manager: Amber Daugherty

The keystone for the Atterbury Student Success Center is UMKC Central, one convenient location for students to take care of core business transactions in four key areas: Admissions, Cashiers and Collections, Financial Aid and Scholarships, and Registration and Records. Our staff members are cross-trained in a variety of functions to help students get answers, information, and meet their academic and financial objectives. Student inquiries are generated electronically, making it easier for our staff members to follow through and ensure students’ issues are resolved.
