

MASTER'S DEGREE ADVISORY / SUPERVISORY COMMITTEE

Upon admission to a master's program, the program or academic unit will assign the student an advisor who is a member of the graduate faculty. When research and a thesis are degree requirements or the student has selected a thesis option, the program or academic unit will appoint two additional faculty members to serve on the graduate student's supervisory committee. The chair and a majority of the members of a master's student supervisory committee must be full members of the graduate faculty.
