

HIGH SCHOOL COLLEGE PARTNERSHIPS

High School College Partnerships (HSCP) duplicates the content of courses offered on campus, including the choice of textbooks, syllabi and examinations. All courses are evaluated using the same on-campus evaluation form. **Some courses have prerequisites that must be completed before registration.**

Dual Credit Instructor (DCI) courses follow UMKC-approved curriculum and are taught by qualified, UMKC-approved high school instructors who meet all the requirements for faculty teaching in institutions of higher education, as stipulated for accreditation by the Higher Learning Commission (<https://www.hlcommission.org/>).

Collaborative Teaching with Faculty (CTF) courses are led by UMKC faculty members in collaboration with approved high school teachers who support student learning in the high school classroom.

High school students who participate in dual-enrollment courses have the opportunity to engage in experiences on campus (<https://cas.umkc.edu/areas-of-study/hscp/on-campus-courses-and-experiences.html>). Enrollment is awarded competitively.

Courses offered at participating high schools (<https://cas.umkc.edu/areas-of-study/hscp/participating-high-schools.html>) may vary. Check with your school counselor for course availability.
